Have Your Say

We will be putting a number of proposals to the membership for voting during the AGM. If
you cannot attend but would like to have your opinion taken into account, you can submit
your vote together with your proxy form. Please contact the office for details.

Board Members & Committees

We are always on the look-out to recruit new Board and committee members. If you are
interested in joining the Board or one of our committees; Events, Membership or Marketing,
please let us know. Members bring with them diverse experiences, knowledge and skills
and round out our mix of government, large & small companies and service providers.

Website

You will see some changes to the website - particularly the members directory - where your
picture will now appear. This helps other members to identify you during an event so that
they can make contact with you. As always, your privacy is important and this is only visible
to other members. Those of you who don't have a picture showing can either send one to
me or I will take your picture at the next event.

Job Openings

The Québec Government Office in Brussels is recruiting an economic and scientific Affairs
Attaché(e) for a position in the Netherlands. See [here](#) for more details.

Thank you for supporting the Netherlands-Canada Chamber of Commerce. We look forward
to hearing your feedback and meeting you at one of our upcoming events.

Kind regards,

Julie Allen
